Good Photoplays...

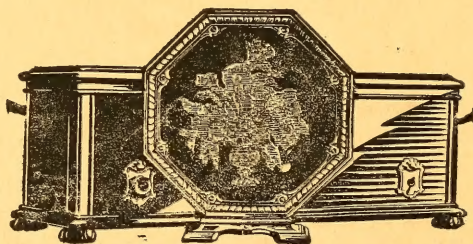

One of the best ways to enjoy yourself is to visit a theatre and see good photoplays. They rid you of all your worries and cares. In a quiet theatre, excepting soothing strains of music, you are enchanted by the beauty of the story.

We Strive...

to select only good photoplays. Photoplays that will be an enjoyment. This is proven by the ones we have shown in recent months. Think back, remember the many good ones you have seen! We are showing good ones NOW. Look at your paper today and see what we are offering.

Foreword

Div. Sch.

1929

The coming of new people to the parish and the loss of members by death and removal, to say nothing of changes in many street addresses, make it desirable that a new Directory of the members and friends of the parish be issued every two or three years. This should be done for the information of our members. We should know who belong to the parish, and where they live. The Rector has given a good deal of time and labor to making out the list of our members, and has tried to be very accurate in giving street addresses. Even so, there are apt to be some inaccuracies. Please report any that you may discover to the Rector, that proper corrections may be made.

We are a happy and united family. God has been abundantly gracious and kind to us. There are now about 650 confirmed persons in the parish. Many faithful and devoted souls who were here when the Rector came have entered into their rest. We miss them still. But we rejoice that God continues to give us new recruits year by year. So must it be. The soldiers of Christ fall out one by one, but others keep enlisting to take their places and carry forward our banner under the great Captain of our salvation.

Since our last Directory was issued the beautiful and imposing Edgar Haywood Memorial Parish House for St. Saviour's has been completed. Already it has added an impetus to that important and growing work that is seen and felt by all. To no one does this bring greater joy and happiness than to the noble and generous donor of this beautiful building.

Another improvement is the addition to Christ Church of the new vestibule, erected by his children as a memorial to Dr. Richard H. Lewis, for nearly 40 years the faithful Senior Warden of the parish. This gives a spacious and dignified approach to the nave of the stately old church.

But it seems that there is always something else that needs to be done. Perhaps in this way God keeps our hearts warm and generous and open. The parish and Church School have outgrown our present Parish House. The ladies are clamoring for a nice dining-room and kitchen, and the teachers in the Church School are clamoring for more class-rooms. Should we not really rejoice that the growth and development of our work for God call for this enlargement of our plant? This is the immediate and pressing need before us. A wing added to the Parish House will not mar the beauty of the building, but, on the contrary, it will enhance it. So thinks the architect who designed it. But it will cost money to make the addition. We can do it, if we are willing to work and make sacrifices. And sacrifices made for God bring joy and happiness and satisfaction. I believe the generous hearts, the consecrated wills, and the persevering labors of this loyal and devoted congregation will meet this need as they have met other needs. May the Rector, in his Foreword in the next Directory, be able to point to the new wing and say: "Behold what we have done!"

Members of Christ Church

Do not fail to notify the Rector of sickness in your family, or of any change in your address.

It is reasonable and important that the Rector should be consulted before the arrangements are made for marriages, burials, and baptisms.

Holy Baptism.—Will be administered in the Parish Church or Chapel on Sunday afternoons, and at other times by previous appointment.

Holy Communion.—The Clergy will always gladly administer the Holy Communion in private houses to the faithful, who are cut off by sickness or infirmity from the celebrations in church.

Letters of Transfer.—It is very important that communicants removing from one parish to another should procure letters of transfer from their old parish to the new one to which they come. The law of the Church requires this. But many of our people are careless about observing the law. The Rector will be glad to write for transfer on request.
